SCHOOL COMM. EXPLAINS FROLIO SITUATION

Because of the wide-spread and still spreading misinformation concerning the circumstances surrounding the severance of connection between Mr. Samuel F. Frolio and the local High School, and his subsequent failure to secure a teaching position; the Wilmington School Committee, excepting Mr. Frolio, makes the following statement:

A special meeting of the School Committee was held in the High School Building on the evening of September 26, 1934. The members present were John W. Hathaway, Chairman, Harry W. Deloriea, Peter Neilson, Mrs. Helen Buck, Miss Olivia Norcross, and Edward C. Manning. The Superintendent of Schools was present in the capacity of Secretary of the Committee.

The purpose of the meeting was to hear the complaint of the Principal of the High School against Mr. Samuel F. Frolio, member of the High School faculty, who was also present.

The gist of the Principal's complaint was that Mr. Frolio was making statements to pupils of the school which were critical of the administration of the school, and also untrue remarks derogatory of the conduct and efficiency of other teachers in the school.

Evidence was given by several members of the student body that such remarks and statements had been made to them or in their presence. Mr. Frolio made a categorical denial of the charges.

The Committee went into executive session and it was the unanimous opinion that Mr. Frolio was guilty, and that such conduct offered a serious menace to the proper operation of the school. It was unanimously voted: That the School Committe demand the resignation of Mr. Frolio at once, to take effect any time between this date and June 30, 1935, and that he be very careful of speech and conduct during the remainder of his service in the school.

At this time Mr. Frolio was serving under the tenure of office provision of the laws of the Commonwealth. He did not have to resign but could have demanded a hearing under the provisions of that

WILMINGTON HIGH FOOTBALL TEAM SHOWS IMPROVEMENT

Many, no doubt, have noticed the marked improvement in the local high football team this year.

The team, showing plenty of fight, has had many close games, and with a little more experience, no doubt, would be at the top of their class.

Keep up the good work, boys.

TOWN BOWLING LEAGUE

The result of the matches rolled the past two weeks are as follows; Coal Co. 3; Buck Bros. 1; W. A. D. A. 2; S. M. Class 2; Men's Forum, 3; Lairds, 0; Bens Radio 3; W. A. D. A. 1.

Pins were bowled over fast and furious and as a result several new records were written in the books. Chief among these was the outstanding performance turned in by "Vut" Galka, who broke the all time league record for individual triple, by rolling 366, including a single of 140. Truman Bennett rolled 349 to climb into second place in this department. George Fuller rolled a new single of 148 and he was closely followed by John Marshall with a 141 single. The Coal Co. broke the team total by rolling 1510 which gives them a two pin lead over the Silver Lake Mkt. The latter team grabbed off some honors by breaking the team single when they rolled 554 in their final string, last Wednesday night. This betters the former record of 537 held by the Men's Forum.

The following is a suggestive list of prizes that can be awarded at the end of the season. Understand this list is not official and is given for your consideration and approval. Fourth Average	2.50

Total	$40.00

The above list represents an amount of $170.00, which is three times that paid out last year. The only way we can guarantee these payments and still have a suitable amount left for an excellent banquet is to have all teams pay their required $3.00, each bowling night, whether they have a complete team or not. We have to guarantee a certain amount to the alley proprietor, each bowling night, so it is only logical to expect the full amount from each team every night they bowl.

POLICE NEWS

Sunday morning about 3:30 in the morning, Officer Hoban, while cruising about Silver Lake, received a radio call of a disturbance on Church street.

Responding, he found that eighteen boys from Boston University had placed red lanterns in the trees and large soil pipes across the street.

Selectman Charles Black and officer Hoban rounded up the boys and made them replace the lanterns and pipes.

On Saturday, Officers Sidelinker and Hoban investigated a call from Dr. MacDougall, that Arthur Southnayd had been struck on the head by a glass vessel, at the [illegible] by a man who lived in Woburn.

On Wednesday, Gustin LeFeyette, 26, of 3 Grigg street, Woburn, was found guilty of driving under the influence and drunkness, before Judge Salterelli in Woburn Court. James Henchey, Atty., appeared for the defendant and Chief Ainsworth prosecuted.

Arresting officers were Washburn and Bousfield.

Auto thieves were active again Thursday, when one car was stripped of a wheel and tire. The tire was later recovered in the woods.

Another complaint was made that a new Buick Sedan was stolen from in front of the Black Kat. The car was later recovered in Woburn, stripped.

The ambulance is still busy. On Sunday, Officer Sidelinker removed James Woods to the Delaney Hospital, Lowell. On Monday, Officers Galka and Newcomb took Wallace Fiske to the Mass. General.

Officer Sidelinker has been instructing members of the Jr. police from the Whitefield and Walker schools, this past week.

Thursday afternoon, Chief Ainsworth gave a very interesting talk to members of the law class, at the high school.

WE COVERED THE TOWN

So much talk has gone on in our columns about fire hazards, we decided to investigate.

We agree with the fire department that these conditions existing since the storm are extremely dangerous.

Leaving the square headed north to Lake St., turning West at Grove Ave. to Main St.; westerly off Main up Bridge Lane to Shawsheen; Westerly up Shawsheen to Aldrich Road to Boutwell St. to Burlington Ave., and from this point to the North Wilmington roads connecting with No. Reading, we are convinced that immediate attention to these fire hazard conditions is needed for the protection of the people of Wilmington.

P. OF H. CLUB

The P of H Club will meet at the home of Mrs. Nora Walsh, for their next get-together. Let's make it a one-hundred percent attendance.

ST. THOMAS CHURCH CELEBRATES 50TH ANNIVERSARY SUNDAY

High Mass will be offered next Sunday at 10:30 A. M. in honor of the 50th anniversary of St. Thomas Church.

Tuesday, November 1st, is All Saint's Day and a Holy Day of Obligation. The time of the Masses will be announced at the Sunday services. Wednesday- November 2nd is All Souls Day.

SHIP LIGHTS

One morning last week the tranquility of Church street was aroused by loud noises. Several residents who were in the arms of Morpheus, were recalled to realism. Upon investigating, I believe they thought the Boston Harbor had suddenly been changed to said street, as from the top of each lamp post and tree hung a red lantern, looking as if a highty ship were standing at anchor.

We found out later that this was caused by a group of B. U. freshmen who had been decamped at No. Wilmington in the early hours on Saturday morning, for iniation, to walk back to Boston.

Citizens of Brentwood Ave., Fay St., and Taft Ave., must certainly be pleased at the conditions and passability of their roads, since the Federal Government has made this possible with the help of the Board of Selectmen and Finance committee, cooperating in regards to the past town meeting verdict of acceptance.

Although we understand that some of the residents of these streets think they have been slighted, this was not the wish of either Board; if these citizens would realize the improvement over the past conditions we doubt if their condemnation would be so severe.

KENNETH HUGHES

JOSEPH H. HUGHES BELIEVES IN MAKING PEOPLE LAUGH

Joseph H. Hughes, famous writer and producer of many renowned plays, believes that the public needs humor more today than ever before, that is the reason why he chose for production "The Unbeliever" at the Grange Hall, Tuesday evening, November 1st, for the benefit of the Wilmington Ambulance Fund. The four act comedy dramatic play, while it has a powerful dramatic story, it has so many laugh-provoking situations, it could be classed as a comedy.

In a recent test made by the author to learn which of his plays had the greatest appeal, 80 per cent of the answers denoted the most glowing tribute to "The Unbeliever". Although Mr Hughes has produced such successes as "The End Of The Road," "Driftwood." "A Woman's Way" and many others. "The Unbeliever' has surpassed them all in many ways.

Perhaps the fact that Mr. Hughes himself was compelled to play the difficult role of John Dale, after being unable to find a man who could play the part up to his expectations may have something to do with the great reputation the play has received.

Another role that deserves great attention is that of Bette Goodwin in the part of Jewel Dale, who plays the role with artistic reserve not seen for a long time.

It is a long time since a play of this type has played here and since it is for a great cause, don't fail to get your tickets in advance as the seats are limited. Tickets can be purchased from Police Officers.

BOARD OF TRADE TELEPHONE COMMITTEE ASKS CO-OPERATION

Four weeks ago, the Telephone Committee of the Board of Trade mailed out to all local subscribers a return postal card, a letter and a rate schedule.

The letter and schedule explained two or three proposed rates plus the present rate and asked for the return of the postal, checked on what system you preferred. To date, many have not returned postals. May we appeal to those who haven't to do so now, so that the Committee may go ahead with their work.

If you have misplaced or lost your card, another may be obtained by calling 102-11, 600, 167.

The Board of Trade has done and is doing much good work on many important items, but without the cooperation of the people, they face a hopeless task.

WELFARE NEWS

Our Chairman, Mr. O'Leary, is still connec to the New England Sanitarium, due to an automobile accident. He was shaken up quite badly, but it is hoped that he will be able to get into action soon.

We are going to need $3000 more to carry us through the year. This amount will be asked for in the Special town meeting on Sat., Oct. 29th. We have made every effort to keep the costs down as much as possible, but our own increase of cases, and those aided outside, but having a Wilmington settlement, has made it necessary for us to ask for this extra money. Our load right at present is the lowest of any period during the year and it is hoped that it will continue.

We sent one Old Age Assistance case to the Delaney Home, on Oct. 23rd. This case was taken in the town ambulance, by officer Sidelinker.

The state has been billed for welfare aid rendered for period ending June 30th. These are the cases that are non-settled, and the amount for 43 cases totaled $4797.02.

SCOUT NEWS

On Friday night Oct. 21st the local scouts held their regular meeting with forty-three scouts, three officers and several visitors present.

Charles Stewart was in charge of the tenderfoot class in the absence of Charles Black, Jr., he had twelve boys in his class. There was a rope tying contest between patrols.

Our commissioner Mr. Black introduced two men from the State board of health, one of them a Doctor Medingar gave the boys a very interesting talk on first aid and personel health. The boys learned a great deal from this talk.

A young man that we will hear more from, namely Edward Jensen of Salem St. gave us a few songs on his harmonica, also accompained by his brother Emery Jensen on Guitar and Harmonica. Both boys have developed a very good combination in playing hillbilly songs. We are expecting to see both of them in the troop, Edward as Asst. Scoutmaster.

"Saturday Oct. 22nd there was twenty-two boys, two leaders and one of the scouts father went on a hike to our camp on Ballardvale St. We all had a great time, climaxed by a bean supper by campfire at night. Herbert Higgenbottom did the honors of being cook. Ask Higgie about the beans. Several parents were up there at night. We left for home about 6:30 P. M.

This Friday we celebrate Hallowe'en in our usual Scout way, with a mystry hike to some place in town and enjoy a good outdoor party in Scout style.

law. At such hearing he could have been accompanied by counsel as a witness. Had he still been dissatisfied he could have appealed to the courts. Advantage was not taken of these rights on on October 10, 1934 the following was received from Mr. Frolio:

To the Wilmington Board of Education:

Ladies and Gentlemen:

I am taking this opportunity of informing you that I am resigning my position as teacher of Science in the Wilmington High School on June 30, 1935.

Signed,
Samuel F. Frolio.

Since that date no member of the School Department, either Committee member, Superintendent of Schools, or High School Principal has ever been asked by any bona fide school authority for any letter of recommendation for Mr. Frolio. A few blanks from teachers' agencies and one from the New Hampshire Department of Education have been filled in by the Superintendent and Principal, in a very generous manner. In these Mr. Frolio was given ratings even higher than were really deserved. Copies of these papers may be seen by any interested persons.

NEW CHEVROLET OUT OCTOBER 22

BI-ENNIAL SESSIONS

It is not the purpose of the paper to tell the voters of Wilmington how to vote, but during the past week many have asked what is it all about, referring to the question on Bi-ennial sessions of the Legislature, so we offer a few of the pros and cons that you may judge for yourself.

Those in favor of having annual sessions claim that the present economic problems need constant and considered action; that the joint federal and state, and the joint state and town responsibilities must be met yearly; that annual sessions safeguard the rights of the people, by not deferring legislation a year; that better laws are made, because legislators obtain more experience; and that rather than reducing the cost, will increase it.

Those in favor of Bi-ennial sessions claim the state will save over a half million dollars a year; that we need less rather than more legislation in Mass.; that more time and thought will go into the making of our laws thereby giving us better laws; and that the salaries of the legislators will be halved, making only one of the many savings in its favor.

To those who are interested further, on Sunday evening, at 8.00 P. M., in Faneuil Hall, Boston, an open meeting, free of charge, is being held, that you may hear the arguments for both sides by prominent speakers.

AROUND THE FIRE HOUSE

Six more members of the Wilmington Fire Dept. have had their blood tested at Winchester Hospital, for public blood donors under the supervision of Dr. Ernest MacDougall.

The fire department will have, within the next week, one hundred men or more on fire hazard clean-up. We hope all the citizens of Wilmington will give their hardy support to this project by signing the necessary releases and getting the neighbors to do the same.
